Anda Sales Teams:

The e-mail below will be sent this afternoon to all e-mail subscribed accounts and added to Remedy.

The fax version attached will also be fax blasted this afternoon and added to Remedy.

&#61623 As I recently communicated, we are pleased to announce that Anda is sponsoring a pharmacy Continuing Education (CE) program for Drug Store News, a leading retail pharmacy publication.

&#61623 The CE lesson is live and is titled ***“Pharmacists' responsibility in appropriate controlled substance dispensing.”*** The CE is **FREE of charge** and worth **two contact hours** (0.2 Continuing Education Units) for all licensed pharmacists.

&#61623 Licensed pharmacists will need to achieve a score of 70% in order to obtain a statement of credit. The lesson has a planned expiration date of December 3rd, **2015**.

As you may know, each state board of pharmacy requires a *different* number of CE credits in order for pharmacists to renew their license (many states require approximately 15 credit hours each year or 30 credit hours every two years).

Please promote this meaningful CE program with your pharmacy customers.

Easy CE access instructions are provided through a link on the [www.andanet.com](http://www.andanet.com) login page.
